- Read nursery rhymes. Listen for the rhyming words.
- Play a rhyming game: One person says a word. The next has to say a rhyme. The next has to say a different rhyme. How long can you keep going?
- Make up add-on rhyming sentences or stories: I see a cat. I see a fat cat. The fat cat sat. OR I spilled honey on the money. It wasn't funny.
- Make up rhyming names for family members or things: Hannah-banana, bed-bread, snooze-shoes.
- Sing simple songs. Then change the rhyming words: "Twinkle, twinkle little star; How I wish you were a car!"

Make a calendar. Help your child keep track of what's planned for the next day, week, and month. Refer back to the calendar to remember what's you've done.
What part of the day is it now (morning? after lunch?)? What comes next?
When do you eat supper? When do you play outside? What day is today? What do you do on different days?
What season is it now? What season is your birthday? How old will you be on your next birthday?
Can you find shapes (square, circle, triangle) in your house or yard? What other shapes do you see? Make or draw something using the shapes.
